

Easy Pay Card

Where payments happen in a heartbeat

Simplifying access to healthcare

The **Easy Pay Card** is a new **digital payment solution** that enables globally mobile policyholders to pay for their medical care above £500, wherever they might be, without incurring any personal costs and seeking reimbursement.

New!

Easy Pay Card

a simple and innovative solution for an improved customer experience

No reimbursements

No payment limits

Supported by Visa

Simple to use

Valid worldwide

How does it work?

ISSUING THE VIRTUAL CARD

1.

Policyholders will reach out to our claims team with **documented estimated costs at least 3 working days prior to their** medical care.

2.

Our team will review the claim and once authorised, issue **the card loaded** with the amount needed to pay for treatment.

3.

Members will then receive an automated **email from EasyPayCard@april-international.co.uk with a link to activate their account.**

5.

Once the account is created, members will be able to add **the card into their digital (Apple or Android) wallet.**

USING THE CARD

1.

Once the card is issued, policyholders will be able to receive their **medical care.**

2.

They can then **pay for their treatment** with the **Easy Pay Card.**

3.

Members will need to submit their **supporting documents to us, such as invoices, receipts & prescriptions, within 24 hours** of using their card. This can be done via their online [APRIL Easy Pay account](#).

How does it work?

Using the Easy Pay Card

Requesting the card

Policyholders can request the card via email easypaycard@april-international.co.uk at least **3 working days prior to their medical care**. They will need to provide a documented estimated quote for their treatment.

Medical care

Once the card is approved, policyholders can receive their medical treatment.

Payment

Policyholders can then pay for their treatment with the Easy Pay Card.

Invoice

They will need to submit all receipts, invoices, medical prescriptions and any other supporting documents via their [APRIL Easy Pay account](#).

This solution is designed in partnership with manager.one

manager.one is an online bank for professionals and our banking partner for this payment solution.
